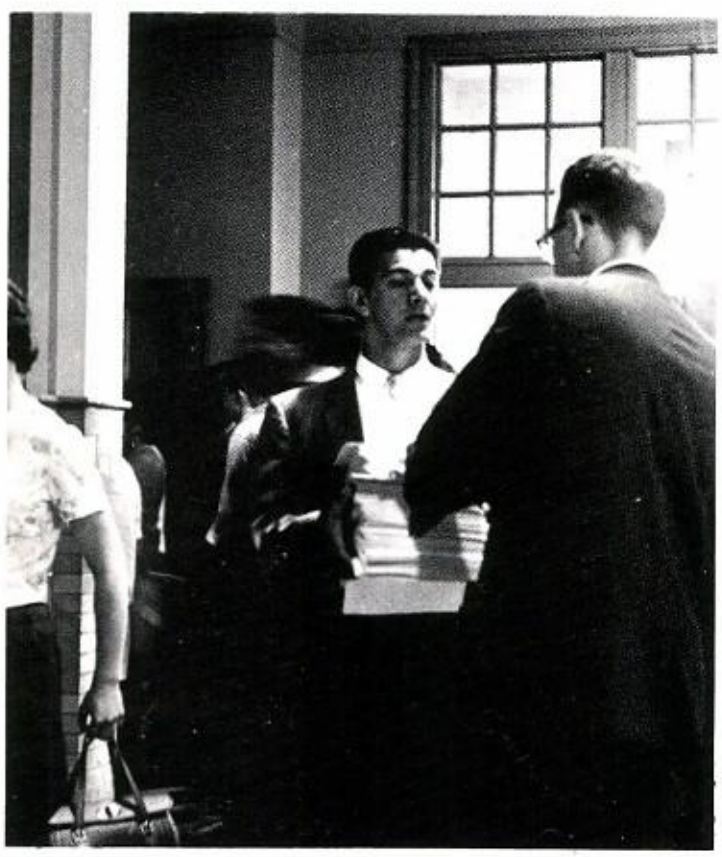
SEPTEMBER 8-9, 1965



"There's a copy for each freshman."

"I've simply got to have this schedule changed!"

FOREWORD

In this, the 1966 edition of the Montaneer, we, as your editors, would like to dedicate this volume to certain principles.

The theme for our yearbook is and always has been applicable to life at Mont Pleasant. Indeed, it seemed fundamental that the theme chosen would truly reflect the countless aspects of Mont Pleasant's life and ideals. Your editors have decided that a fitting title, one which possesses a very definite relevance to Mont Pleasant is "The Gates of Achievement." In our present unpredictable world we have to learn about maturity and its coveted place in life. We can no longer be content just to recline and observe the efforts of others. With a desire to achieve something, we should be initially prepared to enter the adult world. It is fitting, then, to seek to draw from our Alma Mater the opportunities so ever-present.

Within the confines of administration, guidance, and faculty, repose the "Keys to the Gates" which are integral parts of Mont Pleasant. "Within the Gates" we toil three years in the vineyards of knowledge. Then, beyond "the Gates Ajar" we shall encounter challenge and responsibilities which await the graduate. As they step through the gates and into life in its vaster sense, these graduates at once will be exposed to the myriad opportunities to employ what they have absorbed during their school life. Thus, will Mont Pleasant remain to its alumnae an educational institution which possesses those keys as well as a beloved tradition, the principles and ideals of which will make us increasingly aware of "the Gates of Achievement" to be attained.

STEWARDS OF THE PASSKEY

Administration has been aware of the changes in the world around us and has endeavored by constant modification of curriculum to furnish us with one of the keys that opens the gates to new horizons.

Our cafeteria has been renovated so that our students will now be in a position to obtain a choice of three lunch plates. The purpose of the renovation is to help students obtain combinations which are nutritionally well-balanced.

We have a new chemistry laboratory which is completely equipped to teach modern chemical semi-micro-technics. As we go along the halls, we come to the practical nurse's laboratory. Here, again we find new equipment for practical exercises. In addition, the nurses have their own office suites, the color scheme of which was devised by Mr. Hickey, our assistant principal. This motif is utilized throughout the practical nursing area.

The physical education locker room area has also been renovated in that the instructional staff now has new offices which are in the self-contained locker area.

The technical electrical laboratory has been refurbished to accommodate new equipment and furnishings of the latest design.

Our guidance office has added a new secretary and boasts individual offices for each counselor. It also contains offices for supporting services such as the New York State Employment Service.

The physical changes in the building were made for the benefit of the student body. For success is not solely a product of any one place or person—it is a sum total of many diversified factors.

Each little section is a key to the development of strong bodies and sound minds, but the master key is the individual, one who can open every door if he will but learn to utilize the greatest key of all: individual initiative.

Mr. Armand Severino, *acting Assistant Principal* in charge of the Technical Department.

Mr. Joseph Zizzi, *Assistant Principal* in charge of the Technical Department.

Mr. Jack Hickey, *Assistant Principal.*

AND THE GATES

Dr. Frank Mayer, *Guidance Coordinator.*

In opening the gates of achievement, which sometimes remain locked, one must turn to the person who has the key. For us here at Mont Pleasant, one of the keys to our gates rests in room 105—the guidance department. Here our counselors, Miss Isabel Jarvis, Miss Elizabeth Cunningham, Dr. Frank Mayer, and Mr. John Gregory, along with Mrs. Louise Rossetti, guidance secretary, are ready to aid us in taking maximum advantage of our educational opportunity through counselling, group meetings and parent conferences. They assist us in making personal plans and adjustments which are important.

This year another two keys have been added to the ring by the expansion of the office into room 106. This will be used for a comprehensive educational and vocational guidance reference library by students and classes alike. Here we find Mrs. Sally Dojnik, who is serving as Mont Pleasant High School Registrar.

Thus, as we enter the gates and pass through them to wider horizons, it is essential to think of these keys which open the portals of knowledge.

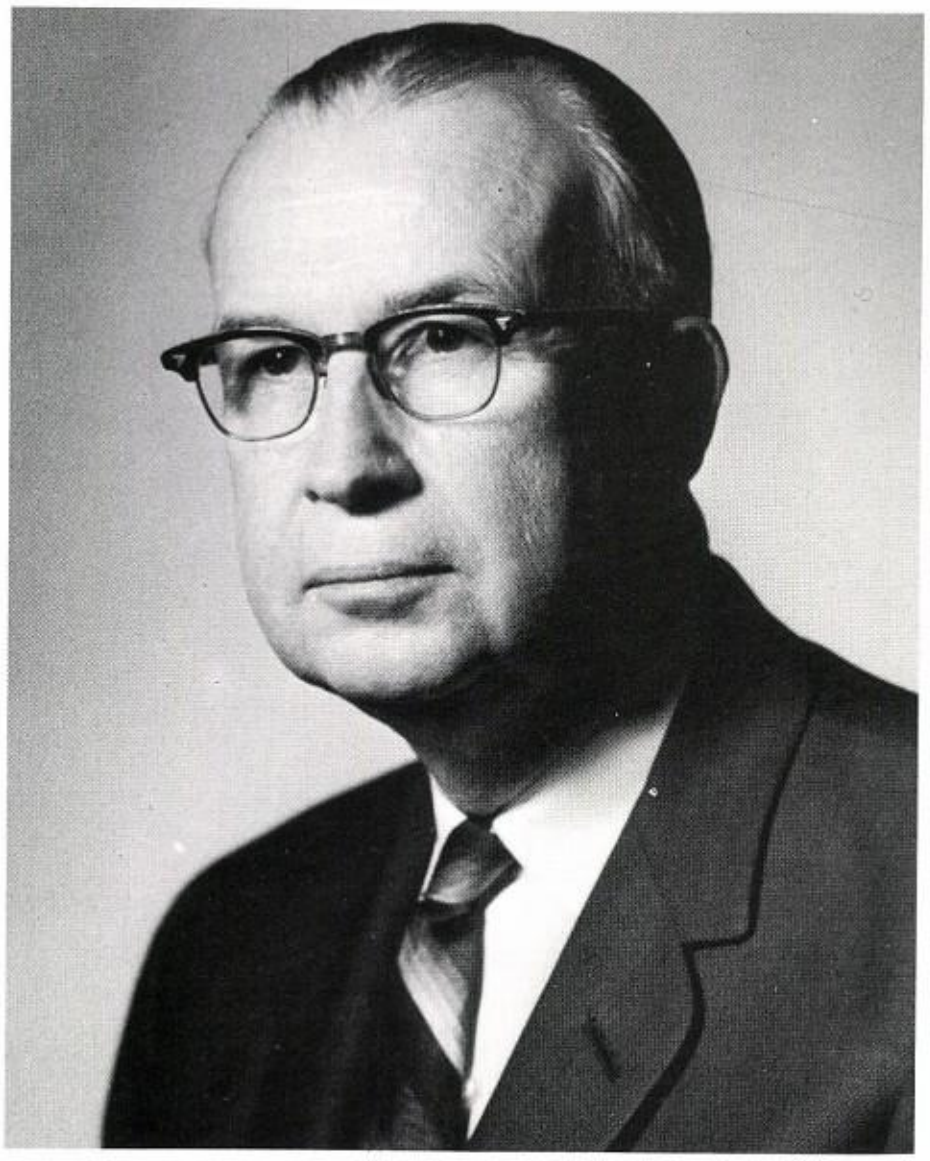
RETIREMENTS

MR. EDWARD SHERLEY

Mr. Edward Sherley, a familiar figure around Mont Pleasant since its doors opened in 1932, will retire this June. At different times during these years he has taught all of the math courses, physics, and earth science. While World War II was in progress, he also had charge of the navigation and theory of flight classes. In 1945, Mr. Sherley was officially appointed head of the mathematics department and has remained in that capacity until the present. In the year the school opened, he organized the first Hi-Y Club. Through the years he has been Class Dean three times. Since 1946, he has determined the ranking of the senior class, and until last year he was the only one to do so.

After June, Mr. Sherley expects to "generally enjoy" himself. The Sherley's are planning to move to La Jolla, in Southern California. They also plan to do some traveling. Mr. Sherley also intends to do research concerning the history of mathematics.



Mr. Edward Sherley

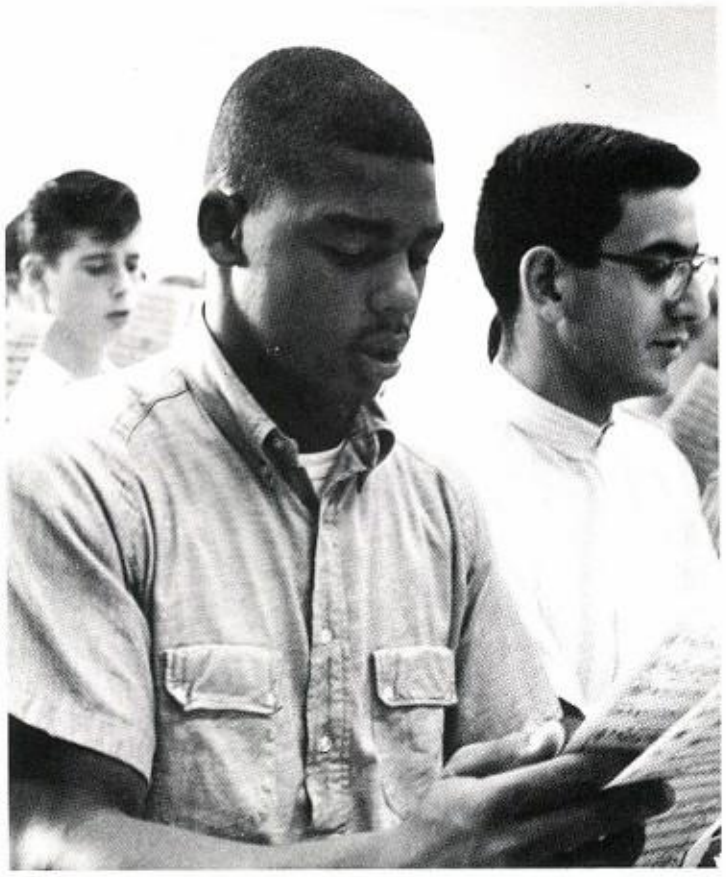
MR. BELFORD PERKINS

"Parting is such sweet sorrow." In a few words Mr. Shakespeare sums up the sentiments of a farewell. With these thoughts in mind, the students and faculty at Mont Pleasant High bid adieu to one of its outstanding members, Mr. Perkins.

Mr. Perkins has been part of the school for thirty years. He was a class-dean three times in this period, and also during his stay he has sponsored the "Sportsmans Club;" he enjoys the outdoors a great deal. A teacher of math and mechanical drawing, Mr. Perkins has come to the conclusion that the students of Mont Pleasant haven't changed. "They are still fine young citizens," he said.

During retirement Mr. Perkins plans to spend his "free time" fishing and hunting, and he also wishes to travel across the United States.

Mr. Belford Perkins



Emery Moore and Paul DiCristofaro as they endeavor to harmonize in choir class.

Mr. Albrezzi demonstrates how to weld clay together as John Maiorano and Shirley Frederick observe.

Cynthia Geanopoulos as she is about to demonstrate her artistic ability.

John Veldman illustrates his musical talent.

Bruce McDowell ponders his selection of oils.

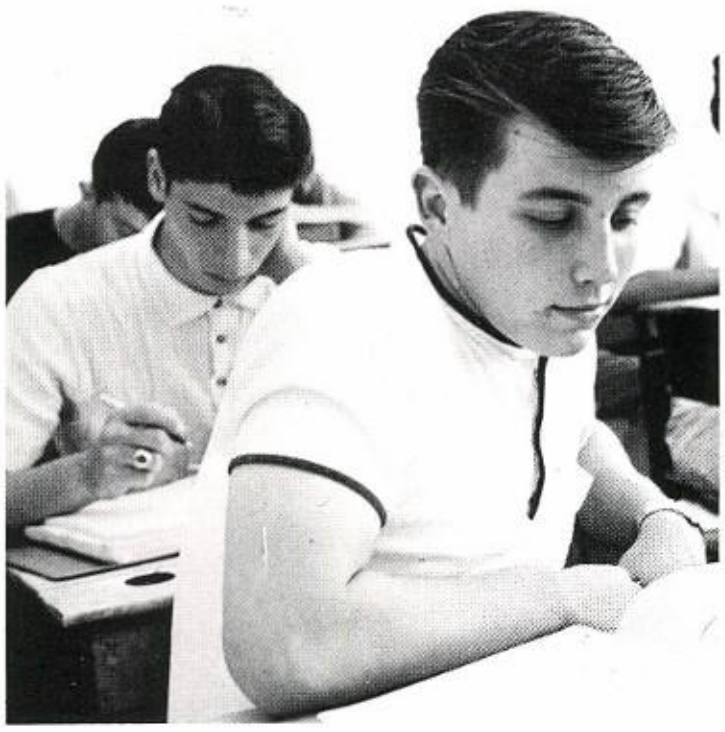
Mr. O'Connor demonstrates how to solve a problem in commercial art.

CULTURAL ACHIEVEMENTS

The Music and Art Departments comprise the cultural aspect of Mont Pleasant. The Music Department, under the direction of Mr. Cleveland Howard, is known for its outstanding achievements in the field of music appreciation. Mr. Howard, who teaches rudiments, the theory of music, and choir, also sponsors Symphonic Singers, a select group of forty voices that is well known for its musical ability. Through the efforts of Mr. Howard the Symphonic Singers have been privileged to perform in many parts of the United States as well as in Canada.

The aim of the Art Department is to help students develop their skills, creative abilities, and a sensitivity to the fine arts.

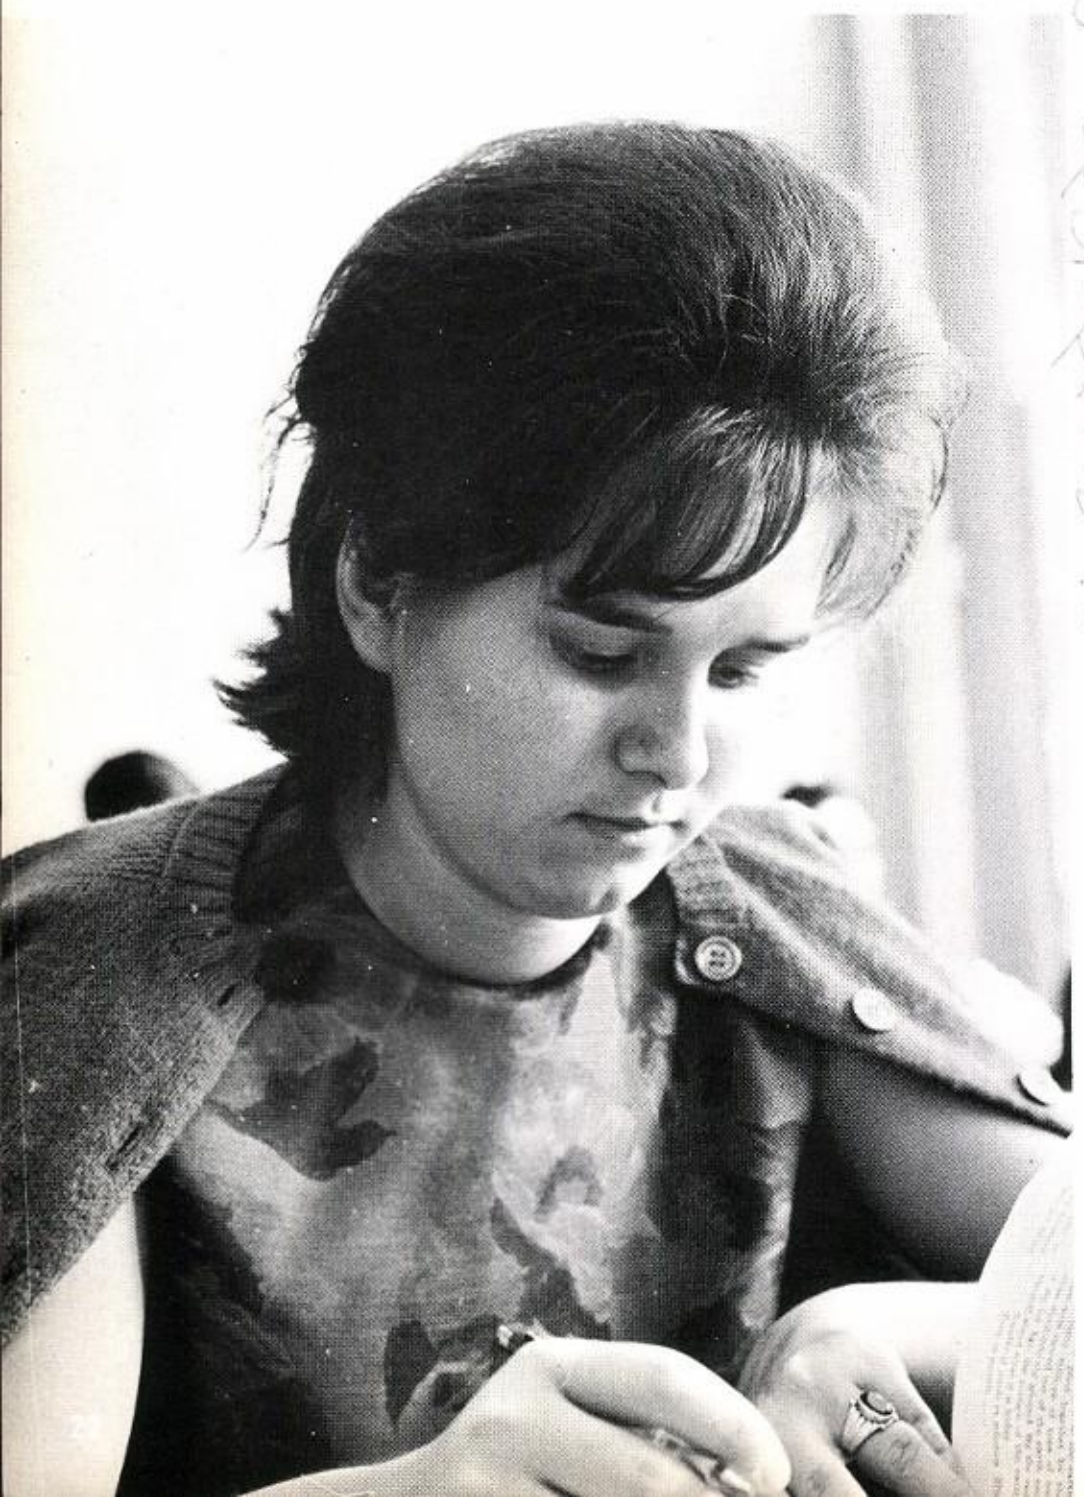
Among the many courses offered in the art program are oil painting, ceramics, basic art, and drawing and painting. Poster and advertising design are also offered by the art department for students interested in commercial art. This department also maintains, in the main halls, a rotating exhibit of the students' work and also acts as custodians of a permanent collection of famous reproductions which are displayed throughout Mont Pleasant High School.

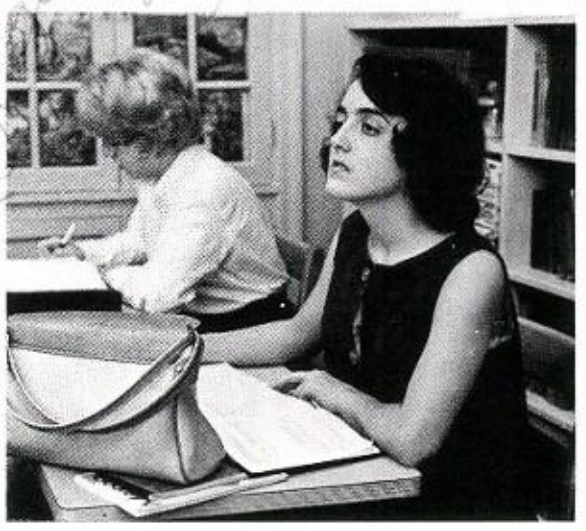


Eddie Hines and Jim Pone ponder the structure of a short story.

Karyn Teichner poses for a moment in the midst of Mr. Rizzo's chemistry class.

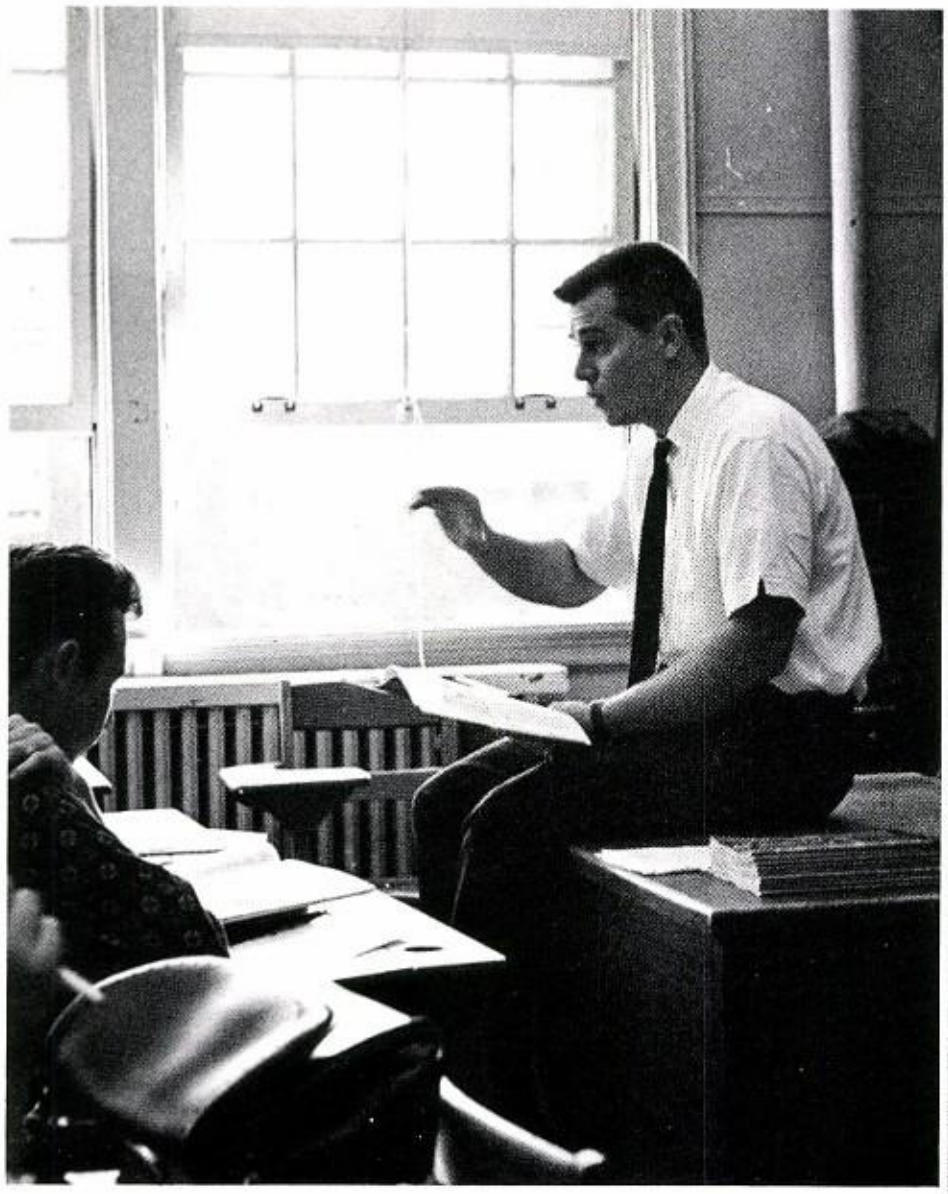
Voula Kontakos contemplates a prehistoric era in earth science class.



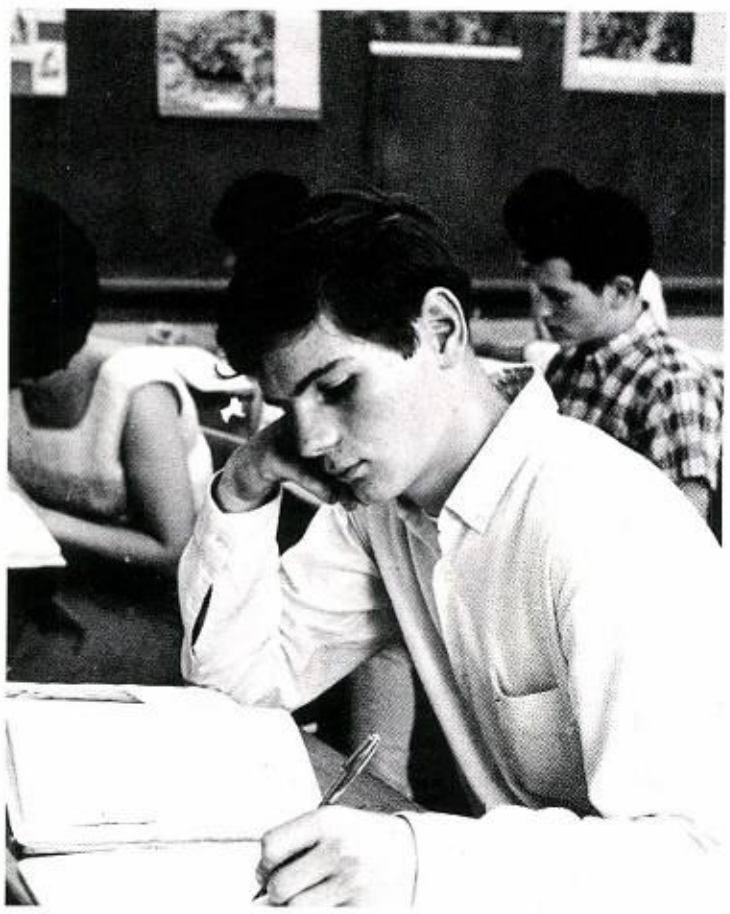


Meredith Fetter and Agnes Warwick in shorthand class.

Chris Relyea and Diane Sanders in deep concentration.



Mr. Neiderberger takes time out to go into detail about a certain point in World History.



Glenn Simek finds out that notetaking is an important part of learning American History.

ACADEMIC ACHIEVEMENTS

Our Academic Achievements section is composed of the English, Math, Social Studies, Language and Science Departments. Each of these departments plays an important part in the lives of all who enter the gates at Mont Pleasant.

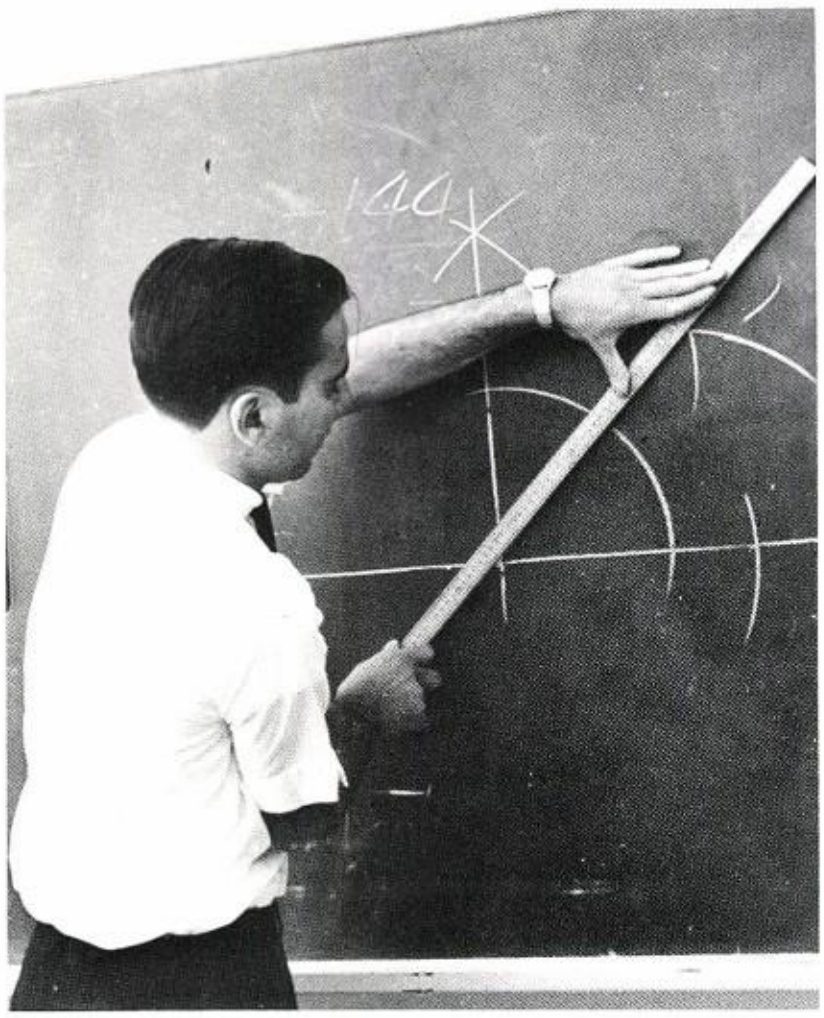
The English Department initiated a new book system to aid the students in getting the most out of material covered. Also, a greater emphasis is being put on literature.

Much has been written in the past few years about "the new mathematics". The meaning of this phrase is that not only new topics are taught but also that the traditional topics in mathematics are taught from a new viewpoint. The underlying purpose of this new viewpoint is to teach the student the understanding of the operation which he is using as well as the technique of performing them. The sweeping changes are introduced so that the students leaving Mont Pleasant for institutions of higher learning will have the best preparation possible for future work in mathematics.

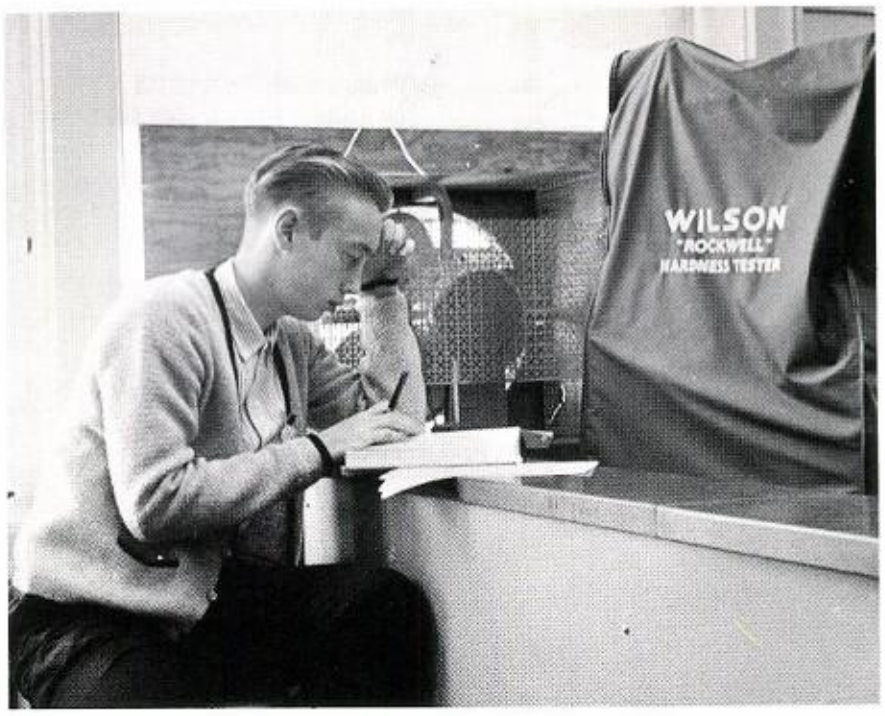
The main objective of the Citizenship Education Department is to increase international understanding on the part of each student. A concept of the progress of mankind and a reasonable knowledge of world history are the department's equally worthy objectives. Finally, the preparation of students to assume the role of responsible citizenship has always been a fundamental goal.

This year marked the beginning of MP's unique "activated laboratory" for language study. The elaborately designed installation, which has laboratory earphones at each student position and a console from which the teacher can tune in on any student he chooses for evaluation, is an important adjunct to an already famous and well-established program.

Last but not least, our Science Department is one department which becomes more and more important in our modern world. Mont Pleasant's science department has been improved and enlarged in order to keep up with the rapid scientific pace. All of the science curriculums have been brought up-to-date. Besides having new equipment in the departments of biology, chemistry, physics, earth science, biological science, and physical science rooms, the students are also benefited by many new courses.

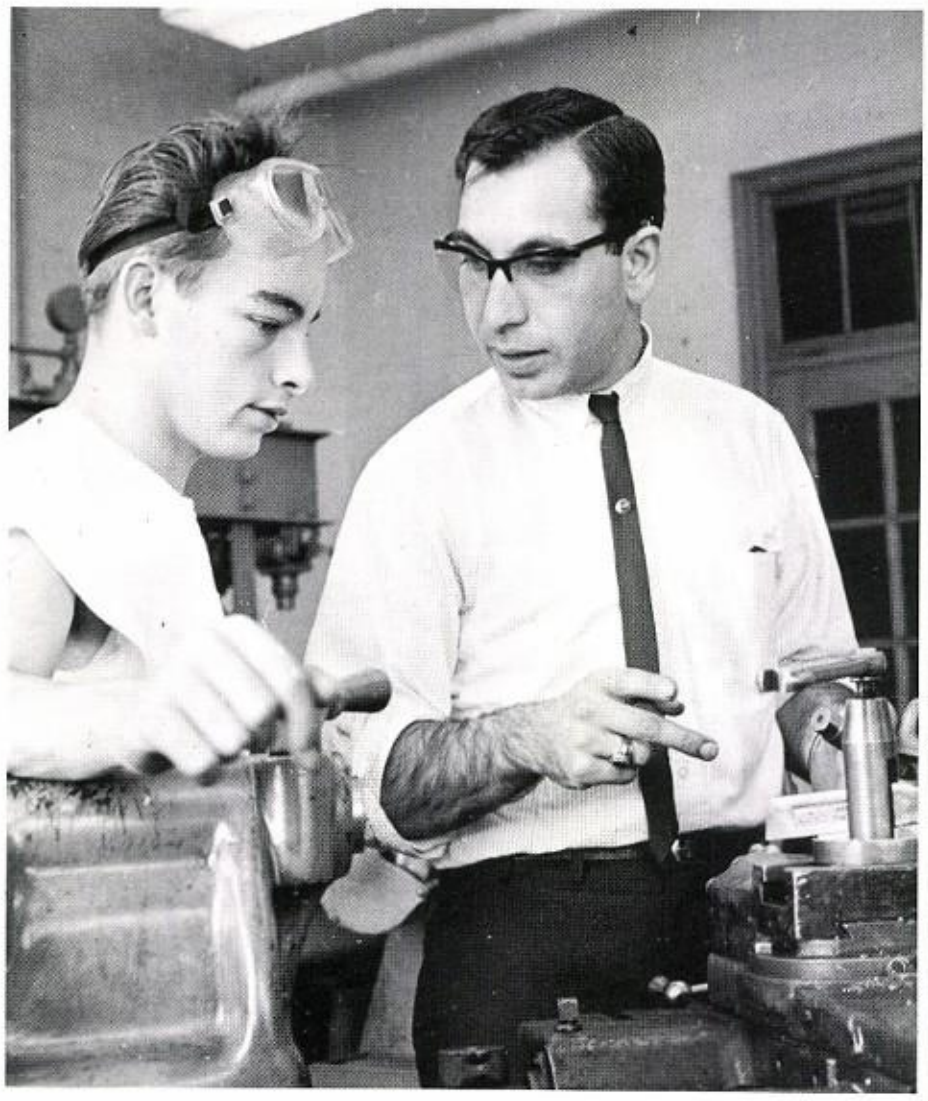


Mr. DiCerbo shows his 1B class how to bisect a right angle.



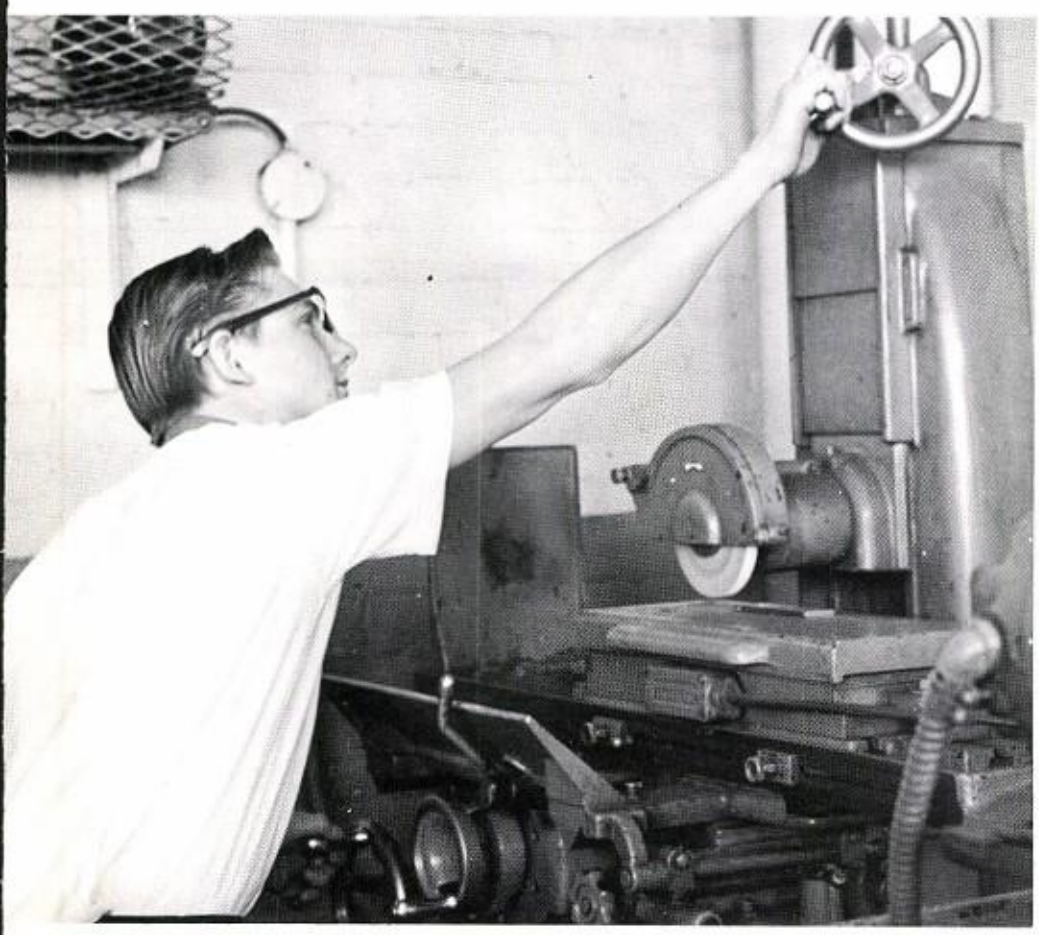
Charles Dutcher prepares material for a future test.

Mr. Ringland checks to see if Ronald Simmons, Dave Rogers, and Bill Sagatys have set up a circuit properly.



Ronald Magerio and Mr. DiGesare discuss the setting up of a lathe.

Orrin Cook starts the wheels of production.



TECHNICAL ACHIEVEMENTS

Once inside the Gates To Achievement, we find many different paths leading to further education. One of the most important of these is that which leads to the Technical Department. The programs in this department offer courses of specialization in both the electrical and mechanical technologies. These form an integral part of the curriculum at Mont Pleasant High School.

The College Preparatory Technical Program is designed as a challenge for the above-average student. It is the most rigorous scholastic program offered, and it provides the student with a full academic college preparatory course plus the technologies.

The newly-inaugurated four year technical program, which admits ninth grade students to Mont Pleasant, enables those selected at the end of eighth grade to prepare for Advanced Placement courses in their senior year. Presently, there are selected eleventh graders taking basic courses in physics and mathematics which will lead to Advanced Placement Physics and Calculus as seniors.

To provide for an expanded four-year program, the science and technical laboratories have been enlarged and renovated. New laboratory facilities and experiences in the Technical Department add to enrichment of the program and to the preparation of students for college or the technical branches of industry.

Thus, the College Preparatory Technical program is, indeed, one of the many Gates to Achievement.

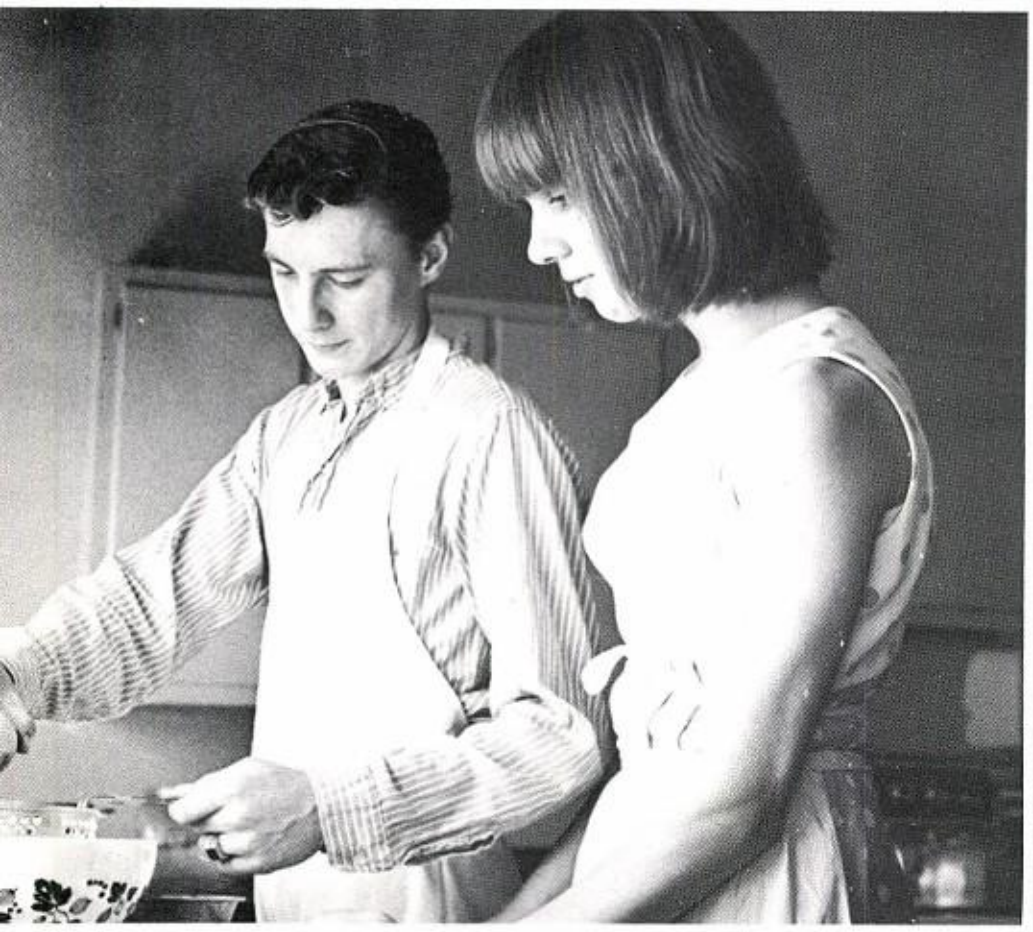
Mike Dockal and Ed Page assemble the several parts of a motor.

Toni Ann Reveglia helps a friend in dressmaking.

Mrs. Deveno instructs her nursing class in the location of various organs of the human anatomy.

Margaret Chase shows her power of concentration.

Terry Cooper shows Patty Ames that boys can cook too.



UTILITARIAN ACHIEVEMENTS

The purpose of the Home Economics Department at Mont Pleasant is not only to teach pupils to cook and to sew, but also to understand themselves. By being able to understand themselves, they will be able to understand others more effectively. Since work is done informally in these classes, students acquire self discipline. Because there are no special groupings, people of varied abilities are able to work together.

The Industrial Arts program plays an important role for students interested in shop work and mechanics. In his freshman year, a student may take a course in Industrial Arts to become oriented with the field. If he chooses, he may continue his studies with Auto and Aviation mechanics in his next two years. Students are divided according to their mechanical ability, and different groups will be working on a project at one time.

Students are carefully supervised by the shop teachers who observe their individual efforts and potential for vocational work after high school.

From the Physical Education Department we acquire the skills to improve our mental alertness, physical fitness and health education classes. Exercise is, of course, the first consideration but also, under the auspices of this department, health education classes add a knowledge of hygiene.

Affiliated with our Physical Education Program is driver education, which is a twenty weeks' course. Driver Education is our school's most popular elective because it is a safe way for our pupils to learn the technique of becoming cautious and conscientious drivers.

Another important part of the school curriculum is the Business Education Department under the leadership of Mr. Delbert Collis. There are over one thousand potential secretaries, stenographers, cashiers, file clerks, and business machine operators who are presently being trained in these various skills.

The subjects offered in this department range from classes in business machines to shorthand, all of which are designed to aid the students in his preparation for a career.

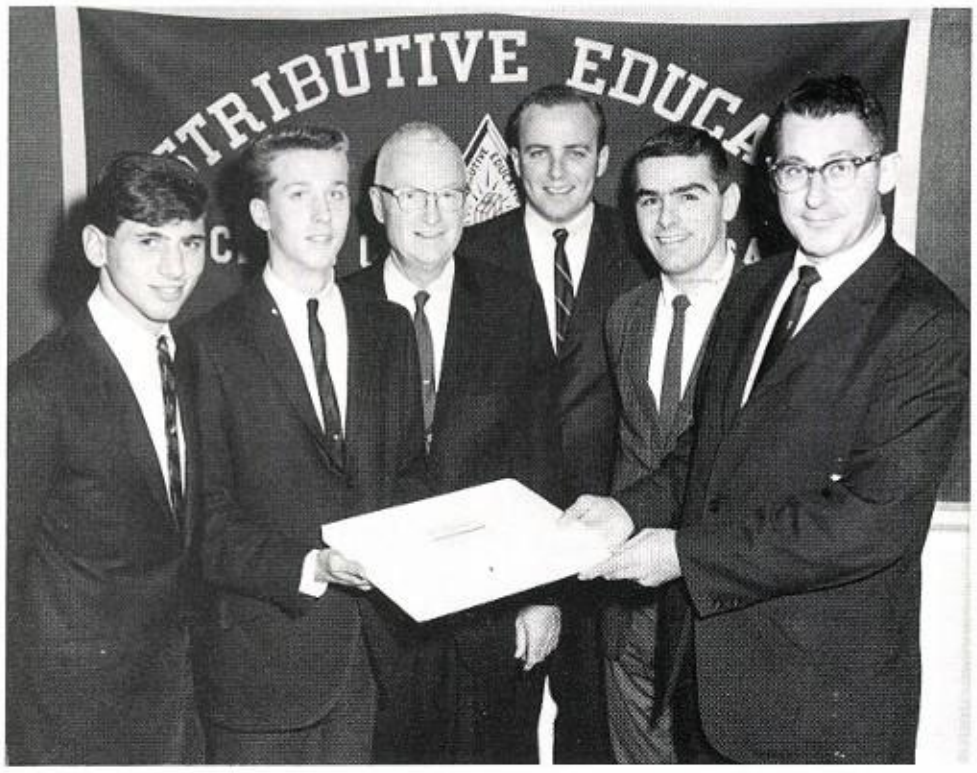
ACTIVITIES

DECA

DECA is another one of the many service clubs at Mont Pleasant. The members of DECA operate the student store, handle the sale of class rings, and obtain caps and gowns for the seniors at graduation. Each year many of our local merchants come to tell the members of this group about the latest techniques in merchandising and advertising. The members, enrolled in the Distributive Education course, make many field trips to local businesses and observe the methods with which they operate.

They also participate in statewide contests, conduct job interviews, study the art of display, delve into merchandising mathematics, and participate in sales demonstrations. Last year, Michele Cramer took second place in the contest in public speaking. DECA is sponsored by Mr. D. Pause.



Mr. J. Fitzsimmons, District Manager of Pontiac Motors, presents a salesmanship award to Lee Irish, president of DECA, as Richard Gentile, Mr. J. Collins, Mr. W. Kouray and Mr. D. Pause look on.

MOPPETTES

The Moppettes, a service organization at Mont Pleasant, is made up of twenty five girls who represent the freshman, junior and senior girls. One of their various duties is the up-keep of the girls' gym by dusting the floor at noon and every day after school. In addition, the Moppettes help prepare the Girls' gym for parties, dances and other various school functions. Their annual "mum" sale which is held each year on Election Day in preparation for the Mont Pleasant-Linton football game is one means of raising money. The Moppettes are sponsored by Miss Argulski.

BOWLING CLUB

Two days a week the Boys Bowling Club meets at the Sportsman's Bowl to practice. Boys with acquired skill, as well as amateurs, enjoy this stimulating sport. At the end of the year trophies are awarded to the boys with the h:ghest score and highest game.

GYM AIDES

The gym aide plays an integral part in the efficient dispensation of the duties in the girls' gym. These girls take attendance and execute various jobs in order to assist the gym teachers. These jobs include checking each girl for proper uniform, placement of gym equipment to be utilized, and the inspection of locker rooms.

GOLDEN SPIKE SHOE

The Mont Pleasant High School Chapter of the Golden Spike Shoe Society is an elite fellowship of athletes. To receive an invitation to membership, a boy must prove himself in the sports of cross country and track. Among the activities planned this year was a trip to a major collegiate indoor track meet to view the action for once, instead of participating.

GERMAN CLUB

The German Club strives to broaden the German students' knowledge of the life and culture of the German-speaking peoples. In order to obtain first-hand information, speakers from Germany, Austria, and Switzerland are entertained regularly. In the question and answer sessions which follow, much is learned which cannot be found in text books.

SPORTMAN'S CLUB

The Sportsman's Club is open to all boys who are interested in outdoor activities. The club has two purposes: to develop the qualities of true sportmanship and to create an active interest in the conservation of game, fish, forests and streams.

At present the club has access to a fifty foot, 22 caliber rifle range, and owns five target rifles.

RAIDERETTES

The football season began with a vibrant line of young girls marching out to form a "V" for victory. Half-times begin with this same skillful group marching with the band to form various patterns. Who is this Pleasant group of girls?—The Mont Pleasant Raiderettes under the direction of Miss Diane Charton. They are the girls who, with their unmistakable red and white uniforms and pompoms, add interest and color to football games at MPHS. This group has performed not only at football games, but at the pep rally for this year's most successful MP and Linton game. They practice every night after school during the football season. The Raiderettes are chosen after they try out at the end of their freshman year.

Barbara Przybylek had the responsibility, as captain, to lead the Raiderettes through their many intricate routines.

The Raiderettes are comprised of twenty juniors and twenty seniors. It must be said that this group best exemplifies the spirit of Mont Pleasant.

JUNIORS—*Bottom Row:* M. Daviero, B. A. Bandosik, S. Frederick, D. Maxwell, C. Caracciolo. *Row 2:* H. Buono, S. Lundberg, M. L. Lanaro, L. Lezzi, K. Shumway, S. Santora. *Row 3:* L. Martiniano, S. Petraske, P. Gaudio, L. Donadio, K. Bouck, D. Miller, C. Yahn, M. Dagostino, L. Barber.

SENIOR CRITICS

This is an informal discussion group which meets at school once or twice monthly. Senior Critics is meant to promote self expression and the exchange of personal ideas and opinions. Each meeting is centered around a selected book. Under the guidance of a well-trained person the members interpret, judge, and compare the work in many ways. Going beyond this, they use the book as a starting point for even broader topics.

ATHLETIC COUNCIL

The Athletic Council functions as a service organization whose members work in the ticket booths at Mont Pleasant sporting events and during noon hours. The group works at football and basketball games as well as for track and wrestling meets. Besides working at these regular sporting events, the Athletic Council also participates in such activities as Alumni Night.

JR. VARSITY

The most important job of our cheerleaders is to promote good spirit and citizenship at Mont Pleasant by setting a good example. Under the sponsorship of Miss Cohen, Miss Kallinisch, and Mrs. Smith, the girls put in hours of practice to perform at games, pep rallies, and traditional parties. They are required to adhere to a strict code of morality which even requires that their hair be of natural color. Also, during the school year, they must maintain a C average as a minimum.

PLAY BILLS

Playbills enables students to explore the field of the theatre. It gives them an opportunity to develop talent in the many aspects of it, including instruction in scenery design, lighting, costuming, make-up, and acting. Under the guidance of Mr. Johnston, students learn to appreciate and to produce living drama, a unique method of presenting ideas to mankind.

Another function of the Playbills is to produce the annual play. Although the entire membership does not take part in the actual presentation as members of the cast, they all contribute in some way to the overall production to gain an invaluable experience.

STUDENT BOARD

STUDENT BOARD OFFICERS—*Sitting:* Mr. Campbell, Sponsor; D. Battaglino, Sec. *Standing:* R. Szczepanski, Treas.; M. Martell, Pres.; E. Lake, Vice Pres.

Mayor Ellis presents the key to the city to acting Mayor John Brennan as Richard Malmros of Linton and Norman Chapdelaine of the Schenectady Jay-Cee's look on.

Mont Pleasant's Student Board has been in existence for a decade, and, with the cooperation of the entire student body and faculty, it continues to oversee the activities of the school. It sponsors many projects and attempts to raise money for the school throughout the year.

With the sound of the opening kickoff whistle, the Student Board operates concession stands at home games during the football season. In October, at the school's open house the Board provides guides and ushers for the freshman students and their parents. November sees the officers of the Board engaged in the City Government for a day project. This year John Brennan was acting mayor, Mike Martell, City Court Judge, and Ed Lake, councilman. They observed our city government in action, thus giving them a better understanding of its functions. Later on, the Community Chest drive, Clothing Drive, and a candy sale were sponsored by the Board. The money received from these activities helped to finance a new trophy case and a plaque dedicating the scoreboard to John F. Kennedy.

The Student Board office this year found Karen Wolf and Jean Alexander taking care of lost and found items and the sale of bus tickets. These two girls, as well as many other workers and homeroom representatives, deserve credit for a job well done.

SKI CLUB

This club provides an opportunity for members to develop their skills on the snow. The group makes Saturday trips by bus to known ski lodges such as Mt. Snow, Speculator, Gore Mountain, and Hickory Hill. Each year they plan an overnight trip which is very popular. The club gives the non-skier a chance to have fun and learn the art of balancing on skis.

Jeanne Smith, Patty Snell and David Osborn prepare to leave for another ski trip.

SCIENCE SEMINAR

Science Seminar allows students having an interest in science to go on field trips to industries and other institutions, and also to attend lectures given by professional people of the community. In November some of the group's members visited the West Virgina Pulp and Paper Company. A speaker from the General Electric was presented in the middle of December. The activities of the club are selected by a small, voluntary steering committee within the club.

Participants also have an opportunity to plan and perform scientific research projects of their own chosing.

ART CLUB

The Art Club is composed of students who show an interest and ability in the realm of art. Under the tutelage of Mr. W. O'Connor, the club strives to render its services to the school, as well as to the community. Active in designing and painting the stage scenery for the annual school play, this organization contributes its services by participating on the decorating committees of the Junior Prom and Senior Ball. The Art Club aims to endow the student with a keener understanding and a deeper insight of what lies beyond these Gates of Achievement.

CHOIR AND SYMPHONIC SINGERS

The vocal segment of Mont Pleasant's Music Department is divided into two separate but similiar organizations. The choir, which meets in three classes each day, is under the direction of Mr. Cleveland L. Howard. Performing at various civic functions throughout the year, the choir provides musical enjoyment for a multitude of listeners. This year the choir participated in concerts for the Kiwanis Club, and many school assemblies. In the spring, Mont Pleasant combined with Linton for the annual Music for Unity Concert. The ultimate goal of this concert is to promote peace and understanding through music. Also, many choir students take part in Area All-State concerts and All-State competitions. This year, two Mont Pleasant students were honored through participation in the All-State Festival, sponsored by the New York School Music Association. These two students, Cheryl Damberg and Richard Fragomeni, were among the two hundred students from the state chosen by competitive audition.

NATIONAL HONOR SOCIETY

Diligent students possessing qualities of good citizenship, maintaining a B average and participating in extra-curricular activities compose Mont Pleasant's chapter of National Honor Society. Membership comes only after these qualifications are fully met. Each year eligible juniors are asked to become probationary members. Actual membership is granted after they have satisfactorily fulfilled the requirements by the end of their senior year. The society, sponsored by Miss N. Wilson, also offers tutoring service to students of the school.

FTA

Future Teachers of America consists of students who are interested in the fields of elementary and secondary teaching. Through student teachers, who are invited to speak, members gain knowledge about teaching colleges and some aspects of teaching. They also gain this knowledge from the cadet teaching program in which students work in much the same way as student teachers. They gain experience through actual contact with the children of various Schenectady public grade schools. With the help of its sponsor, Mrs. C. VanHeusen, the club enables members to increase their knowledge of the broad field of teaching.

G.A.C.

Each year before the Mont Pleasant-Linton game, girls from the Girls Athletic Club, sponsored by Miss M. Carr, sell shakeroos to promote school spirit. Throughout the year these girls sell booster pins for various sports to make our games more colorful. The profit from these items is used to buy athletic awards for those girls eligible at the end of the school year.

To become a G. A. C. member, each girl must participate in after school sports each season of the year. At the end of their freshman year girls are eligible to become members of G. A. C.

MOPPERS

Composed of a group of conscientious Mont Pleasant boys, the Moppers are responsible for many familiar services which helps improve our school. These various services range from vending soft drinks and servicing dances and games to erecting bleachers and cleaning the boys' gym. The club's sponsor is Mr. N. Rieg. Each year, the Moppers attend an athletic event in New York City, as a reward for services rendered.

TECH. SERVICE CLUB

The Technical Service Club, sponsored by Mr. S. Ringland and Mr. D. Haver, forms an integral part of the extra-curricular activity in the school. The boys and girls in the club perform many invaluable services at assemblies, dances, and various sports events.

While their main job is setting up the loud speakers at games, they also perform minor repair work on electrical equipment and supply music for school dances.

STUDENT STORE

The Mont Pleasant Student Store is one function which must be rated near the top of the list of popular places in our school. Day after day, before and after school, and during both lunches, students are going and coming from the student store.

Run by the Deca Club, the store is under the sponsorship of Mr. Pause. The students who work in the student store gain valuable work experience in the areas of salesmanship and consumer demand. also earn activity points for their participation.

Every year, contests are held for the members of DECA clubs throughout the city. In this year's competition, M.P. had two first place winners and a third place winner.

Mary Jo Greene placed first in public speaking and Mary Ann Zimmer placed first in Merchandising Math. Marlene Modest placed third for the Hill in Merchandise Information Manual.

WATCHTOWER

The Watchtower, our school newspaper, has long since been a record of Mont Pleasant High School history as well as a current source of information for students about the activities within the gates of Mont Pleasant. The Watchtower, through continued excellence has achieved first rank in its division of the two press associations to which it belongs, and the staff members are determined to keep up the fine quality set by their predecessors. This tradition is maintained only by hard work by the entire staff. It is not unusual to see the lights on until after 7:30 in the Watchtower office with the editors working frantically to meet the pressing deadlines.

The French Honor Society is composed of those French students, who maintain an A or a B average in French. In addition to their weekly Luncheon Club, where the members speak and listen to French, they also sponsor various activities to earn money. In the winter, there is a clown sale, and in the spring the society holds a dance. The sponsor of the club is Mr. R. Ludwig.

The club is composed of four committees. There is a tutoring committee whose members aid the less able students in their studies. A service committee is maintained to help the Language Department in laboratory and secretarial work. Arranging special events of a cultural nature is the work of the program committee, and there is also a social committee which plans receptions and interschool events. These various committees form an integral part of the club and they are never idle.

KEY CLUB

OFFICERS—M. Martell, Pres.; J. Brennan, Treas.; P. McKay, Corr. Sec.; D. DiNola, Rec. Sec.; Mr. W. Washington, sponsor; R. Szczepanski, Vice-Pres.

Mont Pleasant's Key Club represents an organization of service not only to Pleasant, but to the public as well. The boys are chosen in their freshman year on the basis of leadership, scholarship, and recommendations from their junior high school guidance counselors.

The club, affiliated with the Kiwanis, participates in many projects. Each year the club sponsors a scholarship for a deserving senior, sponsors dances, and sells papers to raise money. Each Christmas they hold a food drive. In every case the money goes to help the people of Schenectady.

It operates under the local motto "We Build" and the Key Club international theme, "Promote Brotherhood," slogans which materialize service and the promotion of school spirit.

BAND

The annual summer concert sponsored by the band, sees Mr. T. White, class of '38, play a solo.

The boys and girls in red and white are a familiar sight at all of Mont Pleasant's home football games. The Band, with its complement of colorful Raiderettes, produces a unique half-time entertainment.

In December, the Band, in conjunction with Orchestra, Choir, and Symphonic Singers, displays its skills at the annual Winter Concert. Besides this, the Band plays at many assemblies, and is in general an indispensable adjunct to the activities at Mont Pleasant. Mr. J. Adams is the sponsor of Band.

In conjunction with the Schenectady Musicians Union, a summer outdoor concert is sponsored by the band.

FUTURE NURSES

The Future Nurses Club is an organization which helps stimulate an interest in nursing, by providing films and asking people from the various nursing fields to speak. Educational trips related to nursing gives the girls interested in such a vocation, a glimpse of nursing while still in high school.

The club meets once a month or whenever a speaker is scheduled. Its purpose is not merely to learn but to serve the community as well. Our girls aid in hospitals, assist in a nursing home project, work in health offices and entertain younger children as part of a program organized for them.

We feel that through this experience a girl is able to get a picture of the nursing profession and to realize its importance, not only to her community but to the entire country as well.

LIBRARY CLUB

Organized volunteers of the Mont Pleasant library staff perform an indispensable service for the school because of the large number of people using the library daily. Working one period a week the members check attendance, replace books upon the shelves, and assist in processing new books and library materials.

During National Book Week, they hold their annual tea, to which they invite both present and past faculty members. Miss Wilson and Miss Clark are the librarians and faculty advisors to this group.

EDITORS MESSAGE

The 1966 Montaneer has been presented to you in the hopes that it will fulfill every aspect of a memorable yearbook. The staffs, especially the editors, deserve a great deal of credit for the hours they spent working on the book.

The Advertising staff, advised by Mrs. Cole, worked enthusiastically to obtain enough funds to help finance the yearbook.

The Art staff, working under Mr. Albrezzi, offered original ideas and suggestions which made it possible for us to carry out a new and different theme effectively and imaginatively.

The Literary staff devoted many long hours during and after school, identifying and captioning pictures, while providing a summary of each club and activity.

Our small but efficient typing staff was always available when their services were needed.

Mr. Albrezzi helped to coordinate and to organize all the staffs and guided us in the right direction towards producing a good yearbook. Particular appreciation is due to Miss Starr, who assisted tremendously in the Senior section and the student and faculty directories.

Thanks and appreciation should also be directed to the Student Board and Executive Committees, who gave a boost to our sales campaign.

We feel that this year's Montaneer was worth all the work that was put into it. We also hope that the Montaneer will serve as a pleasant reminder of your years at MPHS.

Cheryl DeLorenzo introduces Gail Janis and her escort, Jack Jackowski to class dean, Mr. William O'Connor and Mrs. O'Connor.

The highlight of the Junior Year is always the Junior Prom. For the Class of '66, the exciting day was May 7th, 1965; the theme was "Moon River." This annual event was held in the cafeteria and featured the music of Steve Anthony.

After making their way through the crowds of people congregated at the school entrance, the gaily arrayed couples strolled through the quad and found themselves transported to the shores of a river.

The main attraction of the night took place when the Junior Prom Court appeared and performed their traditional dance to the background music of "Moon River." Members of the court include Judith Battaglia, Diane Battaglino, Rosemary Bellomo, Sandra Bielawski, Cheryl Damberg, Barbara DiCarlo, Marie Marmo, Janet Moncsko, Kathy Wilson, Marilyn Rossetti and Karen Wolf. As the clock struck eleven, Class President, Edwin Lake, escorted Sandra Bielawski, to the white wrought iron love seat, set on a hill of grass where she received her crown.

Cheryl Marotta and Dave Jelenic accept refreshments from host Larry Sykes.

John Fair and Sue Clark arrive at "Moon River."

YULETIDE

"Noel at the North Pole" was the theme of the annual Christmas parties held by the senior, junior, and freshman classes on December 14, 15, and 16 respectively. Christmas and scene decorations furnished the motif for the theme and depicted a twinkling tableau of Santa, his elves, and their workshop at the North Pole.

The entertainment was comprised of two bands of area students. "The Four Speeds" entertained at the senior Christmas Party, and "The Velvetones" entertained at the junior and freshman Christmas parties.

Barbara Przybylek and John DiCocco served as chairmen of the Senior Christmas party, while Paul DiCristofaro and Larry Sykes served as chairmen of the Junior Christmas party, and with them Daniel Sistarenik and Mary Ann Sims served as chairmen of the Freshman. The combined efforts of the chairmen of the respective classes made possible a good time for all.

WHERE'S CHARLIE

"Where's Charlie?" is a humorous play depicting the struggles of two young men and their girl friends to make a success of a new promotions organization.

They are desperate for customers and become willing to promote almost anything (even a young lady). They do receive two products to promote, but in testing them, things get mixed up. Through much trial and tribulation, they attempt to straighten everything out.

The leads are "Johnny" and "Charlie", played by Vince Loffredo and Gary Restifo. Nancy Arre and Margaret Manieri are cast as their girl friends, "Margaret" and "Harriet". A timid inventor is played by Jeff Hopper and another person of an inventive mind (not so timid) is "Roberta Hemple" played by Pat Petroski. Jan Wickham is "Ruby", a charlady who has designs on "Lars Larson," a janitor, Fred Donato. "Mrs. Clark", an uppity society woman, is characterized by Lynn Bonacquist, and "Blossom", her daughter, who needs "help", is the work of Nancy Cope.

VARSITY FOOTBALL

Emery Moore, the Raider's fireball fullback, was named an All-County and was chosen as the Union Star Co-Player of the Year.

A very unusual turn of events came about this fall: the Raiders had a losing season. The Hill managed only three wins against five losses and a tie.

There were consolations though. In the Election Day game, Pleasant plastered Linton all over the Swamp Stompers' Field in a 27-14 slaughter. Fullback Emery Moore scored three touchdowns in this game—all on long rambling runs. The first was on 61 yards, then 63 yards, and lastly a 35 yarder. He added three extra points, too.

Emery wound up as Union Star Co-Player of the Year. He tied for second place in County Scoring, too, with 79 points. These he totaled in only six games, not being able to play the other two because of an injury.

Pleasant wound up second in the Class A pennant race, losing to champion Albany in the decisive season finale.

Coach Mulvaney's joyous moments were few and far between. The only other victories recorded by the Hill were against Bishop Gibbons, in the season-opener, and Troy later in the season. The lone tie was with Amsterdam. Next year, the story will be different though, because the Jayvees were undefeated, untied and unscored upon!

WRESTLING

Wrestling took on a new look at the Hill this past winter. Coach Larry Mulvaney divided the team into three separate squads. The Red Varsity composed of the first string, and co-captained by Jim Patka and Emery Moore, wrestled against a "loaded" schedule. Some of the best teams in the state came to grips with the mighty Raiders and went home with many regrets.

The White Varsity wrestled a majority of "smaller school" varsities and also scheduled a number of junior varsity matches. Composed mainly of ninth and tenth graders, the Whites brought many a team to its knees, including Linton's first string.

The Junior Varsity proved itself, too, by going undefeated. This squad made a perfect complement to one of Mont Pleasant's GREAT teams.

The Raider Wrestlers, perennial Sectional Champions, have gained a state-wide reputation for the Hill. As in the past, Mont Pleasant and Schenectady can be proud of them.

Ed Price's Burnt Hills opponent makes a futile attempt to throw him to the mat.

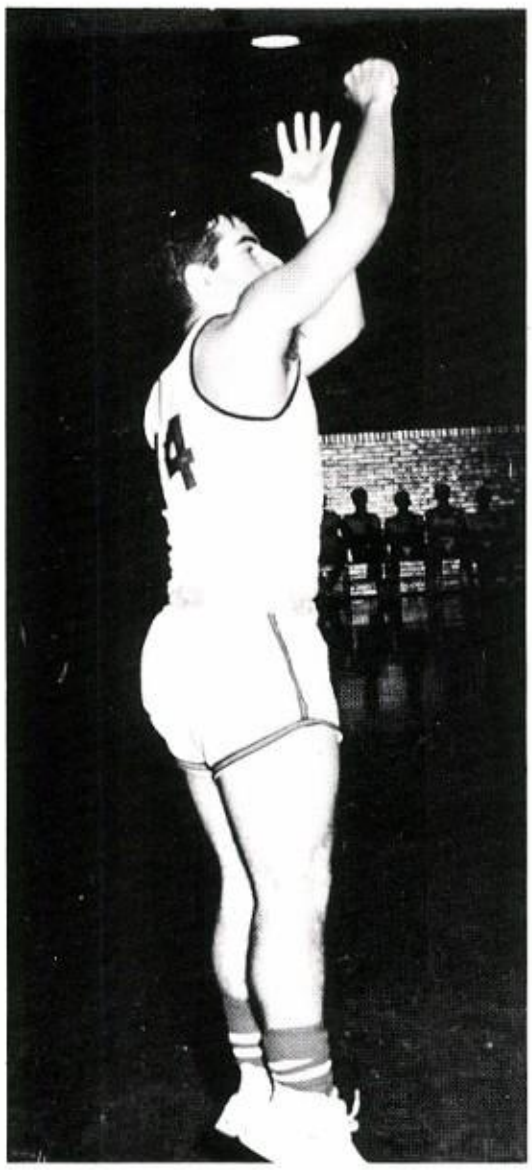
BASKETBALL

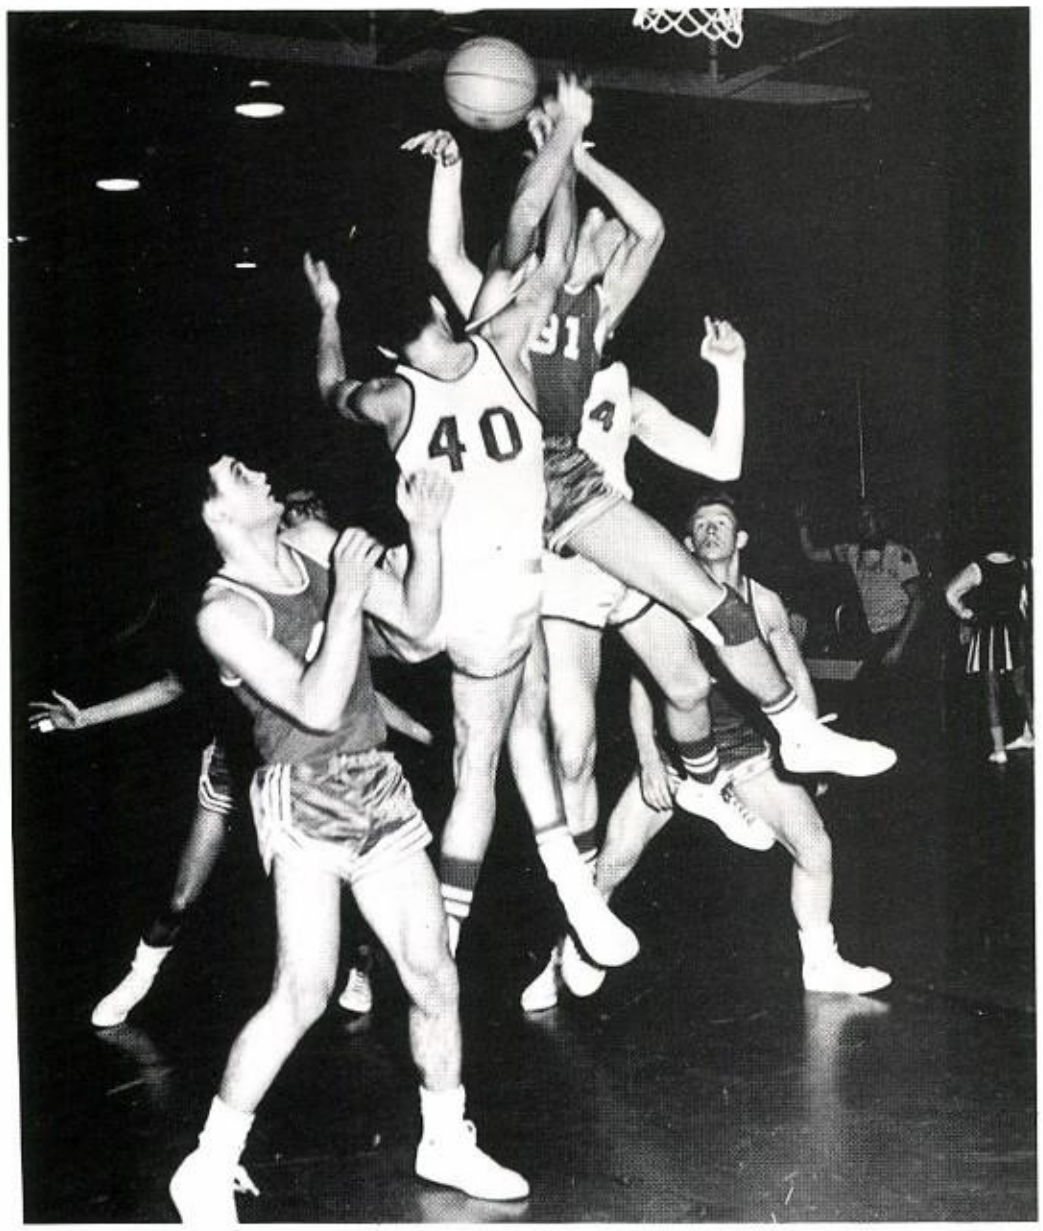
For the second straight year, Mont Pleasant's basketball team had a losing season. Caught in the midst of a coaching turnover, the hoopsters experienced a looonnngg winter. With the resignation of Varsity coach Walter Suprunowicz, Central Park physical education teacher, Daniel Cafarelli, took the job for a year's interim stint. Mr. Gerald Costello of Washington Irving Jr. H. S. is the new Jayvee coach. Mr. Suprunowicz, not wishing to leave the Hill sport entirely, took over as the Freshman team mentor.

For the first time, Colonie and Niskayuna were added to the schedule and Wahconah was dropped. The poor season was not the result of failures of coach or players. Rather, there was a lack of experience due to the fact that it was a rebuilding year for the varsity squad.

The 1966-67 season looks brighter due to the fact that many from the varsity squad will be returning next year. Also, some excellent players will be moving up from the Freshman and Junior Varsity squad.



He's short in stature, but opponents had a tall respect for Pete Mackay.



And here we have the mid-air minuet featuring Jerry Ostrander (40), Jim Knapik (44), and their Guilderland partners.

BASEBALL

The batting of Lou Almond, Jack Laflin, and Rit LaCasse, and the pitching of Jim Lenihan and Rit Pidgeon were the main factors in Pleasant's fine 15-9 baseball record.

Almond was the team's leading batter with a .343 average. Laflin (.342) and LaCasse (.338) were right on his heels. Lenihan's 3-2 pitching record and his 1.09 ERA was the best. Pidgeon followed with (4-3) and a .255 ERA.

The Raiders began the season on the right note by winning their first two games in a double header against Gloversville. Other highlights include another double-header dual victory over Glens Falls. Pidgeon's one-hitter against Class A foe Amsterdam, and a season-ending destruction of Niskayuna.

Gary Della Villa came all the way in from first base to grab this flyball off the bat of a Troy hitter.

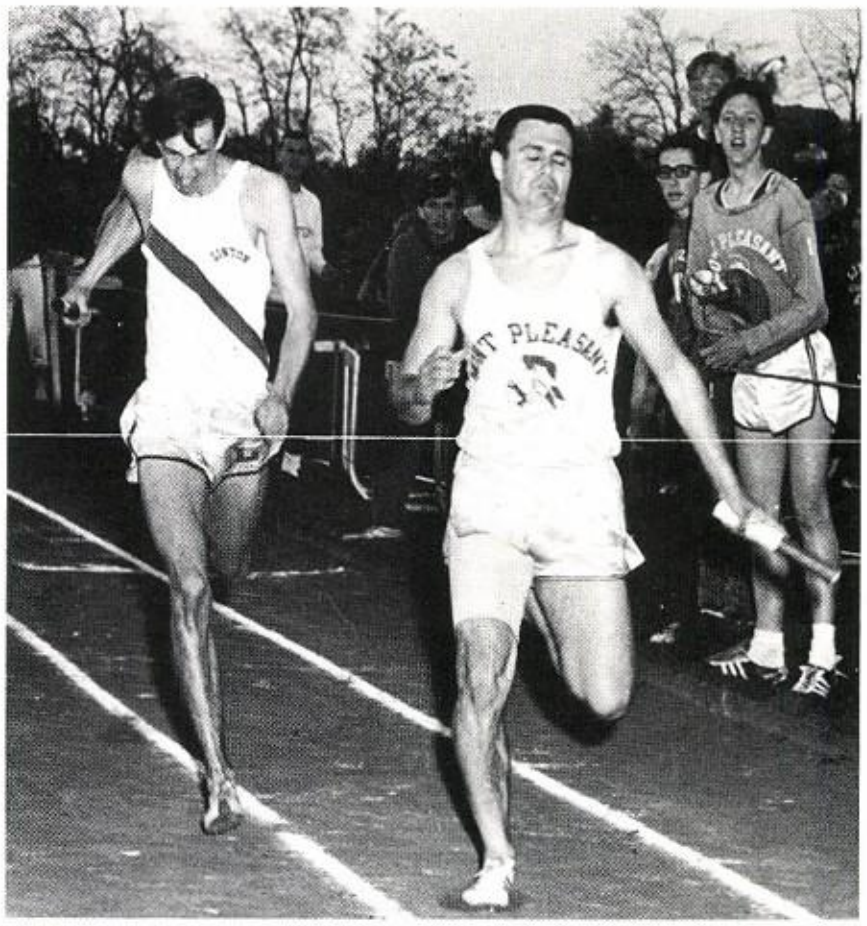
1965 TRACK

Once again, the Section II Championship was won by MP and five records fell to be replaced by the 1965 Raider Track team. Not only that but the Cherry and White won their own Schenectady Invitational track meet under the MP lights, besides wiping out three opponents in dual meets.

The 880 Relay team did more than set a school record, their mark stands as the best ever in Section II. Hesley Cooper, Gerry Ostrander, Carter McGraw, and anchorman Gary Mohrhoff were the authors of this jet stream half-mile. This mark was set in the dual meet against Linton.

Jay Falconio lowered the Two Mile standard to ten minutes flat. Inversely, Len Cummings raised the High Jump record to 6 ft. 1½ in. MP's best ever Triple jump was the result of Bob Carlos' leap of 44 ft. 5½ in. And Emery Moore ripped off a 14.7 second effort in 120 yard High Hurdles for a new record.

Emery Moore has no opposition in the high hurdle qualifying heats in the Sports Carnival.



Despite an injury, Gary Mohrhoff still was able to blaze to a thrilling victory over Linton with his anchor leg on the 880 relay.

Once more, Harry Bonacquist is the first to cross the wire in the 440. The sorry losers this time were from Linton.

Lenny Cummings, MP's premier high jumper, shows the form which gained him many points during the season for the Hill.

CROSS COUNTRY

Despite the individual sparkling of team leader Jay Falconio, the Cross Country team had a rather erratic season. In the Bishop Gibbons Invitational, at Central Park, the Raiders finally showed their potential. They sped to a fourth place win out of 15 teams. Two weeks later, the Cherry and White Varsity repeated their B.G. performance by grabbing fourth place in the Sectionals. Jay Falconio led the team by placing fifth and thus qualified for Intersectionals at Bear Mountain where he finished 24th and was the Second Class A runner to cross the line.

The Junior Varsity, however, fared better. They turned in an exceptional performance at the Sectionals. They won both the team title and had the individual victor. Tenth-grader Richard Tyrell beat over 150 other runners to pace the Junior Raiders.

TENNIS

"It's the way you play the game" was the motto of Mont Pleasant's 1965 Tennis team. What more can you say with a winless record. The Raiders were undaunted though in seeking to improve themselves. Great efforts were put in by Bob Alheim, Doug Kerr, Frank DeJohn, and all the rest to bring honor to the Hill.

Despite a discouraging season, Coach Walt Suprunowicz was able to look forward to a veteran-laden squad in 1966. And the Cherry and White was ready to show some real opposition to this spring's opponents.

GOLF

The Raiders finally broke a three year losing streak last Spring by finishing with a 1-9 record. The team was better than the record indicates though, for the Hill came quite close in several tests.

Low scorer Bob Klimowski led the team and he was capably backed by Lou Pacelli, Jim Angerami, and Jim DiCarlo. The 1966 team had high hopes to improve the golf reputation of MP. Coach Richard Suprunowicz had every reason to believe the Cherry and White would succeed.

AN OPEN ROAD...
OR
A DEAD END STREET?

When commencement is over, where do you go from there?

Not too many years ago, a high school education was sufficient for most jobs; college was almost a luxury except for those who planned careers in such fields as medicine and law.

Today, the pattern is entirely different. Advances in technology affect everyone in every business . . . and, frankly, a high school education is seldom enough to equip you to meet the challenge of the present . . . to help you get a job with a future.

What's the answer? More education . . . four-year colleges, junior colleges, community colleges, technical schools, extension courses, anything at all which will increase your knowledge, develop your personal skills.

There are jobs waiting . . . but these jobs call for knowledge and skill. General Electric is just one of the many companies which will have job openings in the years to come for those who can meet job requirements. There are new products, new technologies on today's drawing boards . . . with still others yet to be thought of . . . which will call for people with education, training and ability. The future needs not only men and women to come up with ideas, but also people to put those ideas into practice . . . designers and developers, scientists and salesmen, technicians and teachers . . . people with sufficient education to fill jobs.

Now it's up to you. You may choose the broad highway open to you through more education . . . or wander down the dead end street of lost opportunities. If you keep learning, you'll keep growing . . . growing with our nation in the age of space.

Cheryl,
It's a very
dear sister. Best
of luck in what-
ever you endeavor.
I wish the very
best of happiness
to you forever.
Love always,
Donna.

Glad luck in whatever
you do. Have lots of fun
in college. I hope you
invite me to your
wedding. Happy Birthday
Marianne

Cheryl,
